Technical Skills

- Programming Languages:**
Java, C/C++
- Web Development:**
HTML, CSS, JavaScript, React.js
- Frameworks & Libraries:**
Django, React Native, MERN Stack
- Databases:**
MongoDB, MySQL
- Development Tools:**
Git, VS Code, Windows 11
- Data Analysis & Visualization:**
Power BI, Advanced Excel, Google Sheets
- Cloud & Storage:**
MongoDB Atlas, Firebase

Soft Skills

- Teamwork and Collaboration
- Problem-Solving and Critical Thinking
- Adaptability and Quick Learning
- Time Management
- User-Centric Design Thinking

Certificates

- Data Analysis with R Programming from Google**
Feb 2025
- Data Visualization: Empowering Business with Effective Insights**
Dec 2024
- Data Analysis using Microsoft Excel**
Oct 2024

Objective

Recent graduate with a Master's in Computer Science and a strong foundation in full-stack development, data analysis, and software engineering. Driven to apply analytical and problem-solving skills to make a positive impact in a dynamic organization.

Education

- Master of Science in Computer Science**
University Campus–University of Calicut Aug 2022–Jun 2024
- Bachelor of Science in Computer Science**
Farook College (Autonomous), Kozhikode Jun 2019–Apr 2022

Projects & Internships

- Job Quest (Internship at ICT Academy of Kerala)**
Jun 2024 – Sep 2024
Technologies: Full Stack Development (MERN)
 - ×Built a MERN-based job search and recruitment web app, enhancing user experience and reducing time-to-hire.
 - ×Collaborated with a team of 4 to implement RESTful APIs for seamless frontend-backend integration.
 - ×Used MongoDB Atlas for efficient data management.
- Home Care (Internship at RITS GLOBAL, UAE / India)**
Feb 2024 – May 2024
Technologies: Python (Django), MongoDB, React.js
 - ×Built a web application for managing medical and non-medical home care services in the UAE, enhancing service delivery for clients.
 - ×Integrated user authentication and authorization features to protect sensitive user data.
 - ×Designed a responsive frontend using React.js, improving accessibility across devices.
- Evenzo (Project for Farook College, Kozhikode)**
Technologies: React Native, Firebase
 - ×Developed a mobile application for a college event management platform, enabling students to easily create, discover, and participate in event.
 - ×Implemented a user-friendly interface with React Native, ensuring seamless navigation in Android devices.Utilized Firebase for real-time data synchronization, allowing for instant updates to event listings and notifications for users
